

The Waking Beauty.

The Waking Beauty is unglad
(but not too much, she's very rich),
in the new Restarting Cycle,
when everybody woke ignoring
her dignity like Mother Goddess;
when she's virtual erotica,
because of her white skin;
when the Great Cholera
violents her placidity;
when governs the Black Fury,
calling to fight to Horde of Mediocre,
deviated and resentful, enraged,
who attacks the system,
for to pull down the system
that supports Humanity;
they burn to the new heretics
in bonfires of ideology.
